Subject: Fw: DECEMBER COMMISSION

> Good afternoon Roxanne, How are you?
>
> I just received this weeks accounting for all the product in your
> refrigerated food machines from Friday Feb 2nd to Thursday Feb 8th. After
> changing the lock on the left side refrigerated food merchandiser, the
> shortage this week was \$79.55 which is considerably less then the four
> previous weeks (-\$417.80, -\$248.50, -\$452.00, -\$356.30) that we have
> been tracking the products. Since we installed the new lock Friday
> afternoon, we are hopeful that we may have uncovered a problem and
> corrected it. However, it would also indicate that for an long time,
> someone may have been taking upwards of 200 food items out of our food
> machine every week. I am not accusing anyone at this point but rather I am
> trying hard to solve this problem so we can once again become profitable
> which will allow us to provide the services as per our contract.
>
> I was hoping to hear from you this week and see if you had heard anything
> about this. It is extremely important to us. Please advise if you had a
> chance to speak to your staff and if anyone may have noticed anything that
> might shed some light on this situation. We will continue to pay close
> attention to this and will advise if the shortages reappear next week. We
> will be tracking every item in every machine and will be reconciling our
> inventories every Friday afternoon.
>
> Thanks again for your help and your attention to this matter.
